

# Open Call to join our Pool of Local Experts in Education

## Introduction and context of the Call

The Project “Finland’s Support to the Ukrainian School Reform” (“Learning Together”) is cooperating with the Ministry of Education and Science of Ukraine in implementing the new vision of the Ukrainian school. The Project is funded by the Ministry for Foreign Affairs of Finland and the EU. FCG International in association with the University of Helsinki is implementing the Project. The expected long-term impact of the Project is improved quality of education and public perception of Ukrainian education.

The Project has a national coverage and it focuses on three thematic and inter-linked clusters: Teacher Preparation, Education Promotion, and New Education Environments.

## Goal and scope of the Call

Through this Open Call for Expressions of Interest, local experts in Ukraine are invited to join the Project’s pool of local experts who are interested in working with the Ukrainian school reform.

The short term expert assignments for local experts will be first offered directly to the experts who have joined the pool and fulfill the specific requirements of an assignment. The first fee-based short term job opportunities would be offered starting from September 2020.

The assignments will be developed based on the needs of the Project. The experts in the pool are free to accept or not the opportunities to be offered. Also, the Project cannot guarantee job opportunities for everyone in the pool.

The location of the work will be defined case by case including teleworking.
